Superior Court of California, County of San Francisco, Case No. CGC-08-476777
(Internal Reference Number: 113156)

Dear Mr. Kronenberger:

Pursuant to the Subpoena issued in the above-referenced matter on October 16, 2008, Yahoo! Inc. ("Yahoo!") conducted a diligent search for documents and information accessible on Yahoo!'s systems that are related to the user named in the Subpoena. Our response is made in accordance with state and federal law, including the Electronic Communications Privacy Act, and does not include any contents of communication or otherwise protected information. See 18 U.S.C. § 2701 *et seq.*

By this letter, Yahoo! does not waive objections to any further proceedings in this matter.

Enclosed is the following information regarding the user account(s) specified in the Subpoena: 1) the User Profile, as produced by the Yahoo! Account Management Tool; and 2) the dates, times and Internet Protocol ("IP") addresses for log-in attempts for the Yahoo! account specified in the Subpoena to the extent available from our system. A declaration authenticating these records also is enclosed.

To the extent any document provided herein contains information exceeding the scope of your request, is protected from disclosure or is otherwise not subject to production, if at all, we have redacted such information or removed such data fields.

Because Yahoo! offers many of its user services for free, it may not require or verify user information.

Yahoo! requests reimbursement in the amount of \$75.00 for the reasonable costs incurred in processing your request, including searching for records, reproduction and delivery costs. Thank you for your check of \$15.00. Please direct payment for the remaining balance in the amount of \$60.00 to Yahoo! Custodian of Records, 701 First Avenue, Sunnyvale, CA 94089. Please write the Internal Reference number (listed above) on your check. The federal tax ID number for Yahoo! is 77-0398689.

Please do not hesitate to contact me, should you have any questions.

Respectfully yours,

Shannon J. Kontinos

RE: *U.S. Chess Fed. v. Polgar*
(N.D. Cal. Case No. 3:08-cv-05126 MHP)

Dear Karl:

Without prejudice to the University of Washington's objections to the non-party subpoena duces tecum in the above case, as detailed in my last letter, enclosed herewith is the only responsive document the University has in its possession, custody, or control.

Please note that in associating an individual's name with a specific IP address in use at a specific date and time, the University generally looks to the MAC address and authentication used in connection with that session. Here, the session did not involve any authentication. Accordingly, the University can associate only the MAC address with the IP address, and therefore, looking at this particular date and time, as directed by the subpoena, the University does not have sufficient information to associate an individual's name with the session.

Very truly yours,
